Konu: ABD / Fren Kampanaları Anti-Damping ve Sübvansiyon Soruşturmaları

Sayın Üyemiz,

Ticaret Bakanlığı İthalat Genel Müdürlüğünden alınan bir yazıda, Amerika Birleşik Devletleri'nde (ABD) tarafından ülkemizin yanı sıra Çin Halk Cumhuriyeti (ÇHC) menşeli, fren kampanası ürünleri (Brake Drums) ithalatına karşı sübvansiyon ve anti-damping soruşturmaları yürütüldüğü bildirilmektedir..

Bahse konu sübvansiyon ve anti-damping soruşturmaları kapsamında ABD Uluslararası Ticaret İdaresi'nin (ITA) mezkûr soruşturmaya ilişkin ekte yer alan nihai kararları **18 Haziran 2025** tarihli ABD Resmî Gazetesi'nde yayımlanmıştır.

Bu çerçevede, ITA tarafından ihracatçı firmalarımız için anti-damping soruşturması kapsamında %12,86 ila %146,93 oranlarında damping marjı ve sübvansiyon soruşturması kapsamında ise %2,80 ve %131,60 oranlarında sübvansiyon marjı belirlenmiştir.

Bununla birlikte, ABD Uluslararası Ticaret Komisyonu (ITC) tarafından zarara ilişkin yürütülen soruşturma hâlihazırda devam etmekte olup, ITC'nin nihai kararında ABD yerli endüstrisinin dampingli ve/veya sübvansiyonlu ithalattan dolayı zarar gördüğüne ilişkin bir karar vermesi durumunda anti-damping ve telafi edici vergi önlemleri nihai hale gelecektir. ITC'nin nihai kararını ITA'nın nihai karar tarihinden sonraki 45 gün içerisinde belirlemesi beklendiği ifade edilmektedir.

copy of the application or request on the persons on the annual inquiry service list for that order, as well as any companion order covering the same merchandise from the same country of origin. In accordance with the *Procedural Guidance*, for orders published in the **Federal Register** after November 4, 2021, Commerce will create an annual inquiry service list segment in Commerce's online e-filing and document management system, Antidumping and Countervailing Duty Electronic Service System (ACCESS), available at <https://access.trade.gov>, within five business days of publication of the order. Each annual inquiry service list will be saved in ACCESS, under each case number, and under a specific segment type called "AISL Annual Inquiry Service List."¹⁷

Interested parties who wish to be added to the annual inquiry service list for an order must submit an entry of appearance to the annual inquiry service list segment for the order in ACCESS within 30 days after the date of publication of the order. For ease of administration, Commerce requests that law firms with more than one attorney representing interested parties in an order designate a lead attorney to be included on the annual inquiry service list. Commerce will finalize the annual inquiry service list within five business days thereafter. As mentioned in the *Procedural Guidance*,¹⁸ the new annual inquiry service list will be in place until the following year, when the *Opportunity Notice* for the anniversary month of the order is published.

Commerce may update an annual inquiry service list at any time as needed based on interested parties' amendments to their entries of appearance to remove or otherwise modify their list of members and representatives, or to update contact information. Any changes or announcements pertaining to these procedures will be posted to the ACCESS website.

¹⁷ This segment will be combined with the ACCESS Segment Specific Information (SSI) field which will display the month in which the notice of the order or suspended investigation was published in the **Federal Register**, also known as the anniversary month. For example, for an order under case number A-000-000 that was published in the **Federal Register** in January, the relevant segment and SSI combination will appear in ACCESS as "AISL-January Anniversary." Note that there will be only one annual inquiry service list segment per case number, and the anniversary month will be pre-populated in ACCESS.

¹⁸ See *Procedural Guidance*, 86 FR at 53206.

Special Instructions for Petitioners and Foreign Governments

In the *Final Rule*, Commerce stated that, "after an initial request and placement on the annual inquiry service list, both petitioners and foreign governments will automatically be placed on the annual inquiry service list in the years that follow."¹⁹ Accordingly, as stated above, the petitioner and the Government of India should submit their initial entries of appearance after publication of this notice in order to appear in the first annual inquiry service lists for those orders for which they qualify as an interested party. Pursuant to 19 CFR 351.225(n)(3), the petitioner and the Government of India will not need to resubmit their entries of appearance each year to continue to be included on the annual inquiry service list. However, the petitioner and the Government of India are responsible for making amendments to their entries of appearance during the annual update to the annual inquiry service list in accordance with the procedures described above.

Notification to Interested Parties

This notice constitutes the AD and CVD orders with respect to grinding media from India, pursuant to sections 736(a) and 706(a) of the Act. Interested parties can find a list of AD and CVD orders currently in effect at <https://enforcement.trade.gov/stats/iastats1.html>.

These orders are issued and published in accordance with sections 736(a) and 706(a) of the Act, and 19 CFR 351.211(b).

Dated: June 12, 2025.

Steven Presing,

Acting Deputy Assistant Secretary for Policy and Negotiations.

Certain Brake Drums From the Republic of Türkiye: Final Affirmative Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that certain brake drums (brake drums) from the Republic of Türkiye (Türkiye) are being, or are likely to be, sold in the United States at less than fair value (LTFV). The period of investigation is April 1, 2023, through March 31, 2024.

DATES: Applicable June 18, 2025.

FOR FURTHER INFORMATION CONTACT: Eric Hawkins, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1988.

SUPPLEMENTARY INFORMATION:

Background

On January 29, 2025, Commerce published in the **Federal Register** its preliminary affirmative determination in the LTFV investigation of brake drums from Türkiye, in which we also postponed the final determination until June 13, 2025.¹ We invited interested parties to comment on the *Preliminary Determination*.²

A summary of the events that occurred since Commerce published the *Preliminary Determination*, as well as a full discussion of the issues raised by parties for this final determination, may be found in the Issues and Decision Memorandum.³ The Issues and Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). Scope of the Investigation

The products covered by this investigation are brake drums from Türkiye. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

During the course of this investigation, Commerce received scope comments from parties. Commerce issued a Preliminary Scope Decision Memorandum to address these comments and set aside a period of time for parties to address scope issues in scope-specific case and rebuttal briefs.⁴ We received comments from parties on the Preliminary Scope Decision Memorandum, which we address in the Final Scope Decision Memorandum.⁵ We have included additional Harmonized Tariff Schedule of the United States (HTSUS) subheadings in the scope of the investigation as compared with the scope published in the *Preliminary Determination*, as shown in Appendix I.

Verification

As provided in section 782(i) of the Tariff Act of 1930, as amended (the Act), in March and April 2025, Commerce verified the sales and cost information submitted by EKU Fren ve Dok. San.

A.S. (EKU Fren), for use in our final determination. We used standard verification procedures, including an examination of relevant sales and accounting records, and original source documents provided by EKU Fren.⁶

Analysis of Comments Received

All issues raised in the case and rebuttal briefs submitted by interested parties in this investigation are addressed in the Issues and Decision Memorandum. For a list of the issues raised by interested parties and addressed in the Issues and Decision Memorandum, see Appendix II to this notice.

Changes Since the Preliminary Determination

We made certain changes to the margin calculations for EKU Fren since the *Preliminary Determination*. For a discussion of these changes, see the Issues and Decision Memorandum.

Use of Facts Available With Adverse Inferences

For the purposes of this final determination we find that, pursuant to section 776(a)(1) of the Act, the use of facts available with adverse inferences is warranted in determining the weighted-average dumping margin for non-responsive companies. For further discussion of these issues, see the Issues and Decision Memorandum.

All-Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated weighted-

average dumping margin for all other producers and exporters not individually investigated shall be equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated excluding rates that are zero, *de minimis*, or determined entirely under section 776 of the Act, *i.e.*, facts otherwise available.

Pursuant to section 735(c)(5)(B) of the Act, if the estimated weighted-average dumping margins established for all exporters and producers individually examined are zero, *de minimis*, or determined based entirely on facts otherwise available, Commerce may use any reasonable method to establish the estimated weighted-average dumping margin for all other producers or exporters.

In this investigation, Commerce calculated an individual estimated weighted-average dumping margin for EKU Fren, the only individually-examined exporter/producer in this investigation. Because EKU Fren's dumping margin is not zero, *de minimis*, or based entirely on facts otherwise available, Commerce is assigning EKU Fren's dumping margin to all other producers and exporters not individually examined.

Final Determination

Commerce determines that the following estimated weighted-average dumping margins exist:

Producer/exporter	Weighted-average dumping margin (percent)	Cash deposit rate (adjusted for subsidy offsets) (percent) ⁷
EKU Fren ve Dok. San. A.S.	15.22	12.86
Akkus Dokum San. Ve Tic. Ltd. Sti	* 149.29	146.93
Buyuk Eker Bijon Sanayi Ve Ticaret	* 149.29	146.93
Genk Otomotiv San. Dis Tic. Ltd. Sti	* 149.29	146.93
All Others	15.22	12.86

* Rate is based on facts available with adverse inferences.

Disclosure

We intend to disclose the calculations performed in this final determination to interested parties within five days of any public announcement or, if there is no public announcement, within five

days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, we will instruct U.S. Customs and Border Protection (CBP) to continue to suspend

⁴ See Memorandum, "Antidumping Duty Investigations and Countervailing Duty Investigations of Certain Brake Drums from the People's Republic of China and the Republic of Türkiye: Preliminary Scope Decision Memorandum," dated January 23, 2024 (Preliminary Scope Decision Memorandum).

⁵ See Memorandum, "Antidumping Duty and Countervailing Duty Investigations of Certain Brake Drums from the People's Republic of China and the

Republic of Türkiye: Final Scope Decision Memorandum," dated concurrently with this notice (Final Scope Decision Memorandum).

⁶ See Memoranda, "Verification of the Sales Responses of EKU Fren ve Dok. San. A.S. in the Less-Than-Fair-Value Investigation of Certain Brake Drums from the Republic of Türkiye," dated May 9, 2025; see also "Verification of the Cost Responses of EKU Fren ve Dok. San. A.S. in the Less-Than-

Fair-Value Investigation of Certain Brake Drums from the Republic of Türkiye," dated May 12, 2025.

⁷ In the companion countervailing duty (CVD) investigation, Commerce calculated a 2.36 percent export subsidy rate for EKU Fren. See unpublished **Federal Register** notice titled, "Certain Brake Drums from the Republic of Türkiye: Final Affirmative Countervailing Duty Determination," dated concurrently with this notice.

liquidation of subject merchandise entries, as described in Appendix I of this notice, which are entered, or withdrawn from warehouse, for consumption on or after January 29, 2025, the date of publication in the **Federal Register** of the *Preliminary Determination*.

Pursuant to section 735(c)(1)(B)(ii) of the Act and 19 CFR 351.210(d), where appropriate, we will instruct CBP to require a cash deposit equal to the estimated weighted-average dumping margin or the estimated all-others rate as follows: (1) the cash deposit rate for the companies listed in the table above will be equal to the company-specific estimated weighted-average dumping margin determined in this final determination; (2) if the exporter is not a respondent identified above, but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin established for that producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others estimated weighted-average dumping margin. These suspension of liquidation instructions will remain in effect until further notice.

To determine the cash deposit rate, Commerce normally adjusts the estimated weighted-average dumping margin by the amount of export subsidies countervailed in a companion CVD proceeding, when CVD provisional measures are in effect. Accordingly, where Commerce has made a final affirmative determination for countervailable export subsidies, Commerce offsets the estimated weighted-average dumping margin by the appropriate CVD rate. Commerce would adjust the cash deposit rate for export subsidies in the companion CVD investigation by the appropriate export subsidy rate; however, suspension of liquidation of provisional measures in the companion CVD proceeding has been discontinued.⁸ Therefore, we are not instructing CBP to collect cash deposits based upon the adjusted estimated weighted-average dumping margin for those export subsidies at this time. If the U.S. International Trade Commission (ITC) makes a final affirmative determination of injury due to both dumping and subsidies, then the cash deposit rate will be revised effective on the date of the publication of the ITC's final affirmative

determination in the **Federal Register** to be the company-specific estimated weighted-average dumping margin adjusted for export subsidies.

ITC Notification

In accordance with section 735(d) of the Act, we will notify the ITC of our final affirmative determination of sales at LTFV. As Commerce's final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will determine, within 45 days, whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of brake drums from Türkiye. If the ITC determines that material injury or threat of material injury does not exist, the proceeding will be terminated and all cash deposits will be refunded or canceled, and suspension of liquidation will be lifted. If the ITC determines that such injury does exist, Commerce will issue an antidumping duty order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise that are entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed above in the section, "Continuation of Suspension of Liquidation." In addition, we are making available to the ITC all non-privileged and non-proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under administrative protective order (APO), without the written consent of the Assistant Secretary for Enforcement and Compliance.

Administrative Protective Order

This notice will serve as the final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This determination and this notice are issued and published pursuant to sections 735(d) and 777(i)(1) of the Act, and 19 CFR 351.210(c).

Dated: June 13, 2025.

Steven Presing,

Acting Deputy Assistant Secretary for Policy and Negotiations.

Appendix I

Scope of the Investigation

The merchandise covered by this investigation is certain brake drums made of gray cast iron, whether finished or unfinished, with an actual or nominal inside diameter of 14.75 inches or more but not over 16.6 inches, weighing more than 50 pounds. Unfinished brake drums are those which have undergone some turning or machining but are not ready for installation. Subject brake drums are included within the scope whether imported individually or with non-subject merchandise (for example, a hub), whether assembled or unassembled, or if joined with non-subject merchandise. When a subject drum is imported together with non-subject merchandise, such as, but not limited to, a drum-hub assembly, only the subject drum is covered by the scope.

Subject merchandise also includes finished and unfinished brake drums that are further processed in a third country or in the United States, including, but not limited to, assembly or any other processing that would not otherwise remove the merchandise from the scope of this investigation if performed in the country of manufacture of the subject brake drums. The inclusion, attachment, joining, or assembly of non-subject merchandise with subject drums either in the country of manufacture of the subject drum or in a third country does not remove the subject drum from the scope. Specifically excluded is merchandise covered by the scope of the antidumping and countervailing duty orders on certain chassis and subassemblies thereof from the People's Republic of China. *See Certain Chassis and Subassemblies Thereof from the People's Republic of China: Antidumping Duty Order*, 86 FR 36093 (July 8, 2021) and *Certain Chassis and Subassemblies Thereof from the People's Republic of China: Countervailing Duty Order and Amended Final Affirmative Countervailing Duty Determination*, 86 FR 24844 (May 10, 2021).

The scope also excludes composite brake drums that contain more than 38 percent steel by weight.

The merchandise covered by this investigation is classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheading 8708.30.5020. The merchandise covered by this investigation may be classifiable under HTSUS subheading 8708.30.5090 when entered as part of an assembly. Subject merchandise may also enter under HTSUS subheading 8716.90.5060, 8704.10, 8704.23.01, 8704.32.01, 8704.43.00, 8704.52.00, 8704.60.00, 8708.50.61, 8708.50.6500, 8716.90.5010, 8716.31.00, 8716.39.00, 8716.40.00. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise covered by this investigation is dispositive.

⁸ See section 703(d) of the Act, which states that the provisional measures may not be in effect for more than four months, which in the companion CVD case is 120 days after the publication of the preliminary determination, or April 1, 2025 (*i.e.*, the last day provisional measures are in effect).

Methodology

Commerce conducted this investigation in accordance with section 701 of the Act. SUPPLEMENTARY INFORMATION:

Background

On December 23, 2019, Commerce published in the **Federal Register** the AD and CVD orders on AWC from China.¹ On November 1 and 4, 2024, the ITC instituted,² and Commerce initiated,³ respectively, the first sunset reviews of the *Orders*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). As a result of its reviews, Commerce determined that revocation of the *Orders* would likely lead to the continuation or recurrence of dumping and countervailable subsidies and, therefore, notified the ITC of the magnitude of the margins of dumping and subsidy rates likely to prevail should the *Orders* be revoked.⁴

On June 13, 2025, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Orders* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁵

Scope of the Orders

The scope of these *Orders* cover aluminum wire and cable, which is defined as an assembly of one or more electrical conductors made from 8000 Series Aluminum Alloys (defined in accordance with ASTM B800), Aluminum Alloy 1350 (defined in accordance with ASTM B230/B230M or B609/B609M), and/or Aluminum Alloy 6201 (defined in accordance with ASTM B398/B398M), provided that: (1) at least one of the electrical conductors is insulated; (2) each insulated electrical conductor has a voltage rating greater than 80 volts and not exceeding 1000 volts; and (3) at least one electrical conductor is stranded and has a size not less than 16.5 thousand circular mil (kcmil) and not greater than 1000 kcmil. The assembly may: (1) include a grounding or neutral conductor; (2) be clad with aluminum, steel, or other base metal; or (3) include a steel support center wire, one or more connectors, a tape shield, a jacket or other covering, and/or filler materials.

Most aluminum wire and cable products conform to National Electrical Code (NEC) types THHN, THWN, THWN-2, XHHW-2, USE, USE-2, RHH, RHW, or RHW-2, and also conform to Underwriters Laboratories (UL) standards UL-44, UL-83, UL-758, UL-854, UL-1063, UL-1277, UL-1569, UL-1581, or UL-4703, but such conformity is not required for the merchandise to be included within the scope.

The scope of the order specifically excludes aluminum wire and cable products in lengths less than six feet, whether or not included in equipment already assembled at the time of importation.

The merchandise covered by the order is currently classifiable under subheading 8544.49.9000 of the Harmonized Tariff Schedule of the United States (HTSUS). Products subject to the scope may also enter under HTSUS subheading 8544.42.9090. The HTSUS subheadings are provided for convenience and customs purposes. The written description of the scope of the order is dispositive.

Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the *Orders* would likely lead to continuation or recurrence of dumping, countervailable subsidies, and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, Commerce hereby orders the continuation of the *Orders*. U.S. Customs and Border Protection will continue to collect AD and CVD cash

deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the *Orders* will be June 13, 2025.⁶ Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year reviews of the *Orders* not later than 30 days prior to fifth anniversary of the date of the last determination by the ITC.

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

These five-year (sunset) reviews and this notice are in accordance with sections 751(c) and 751(d)(2) of the Act, and published in accordance with section 777(i) of the Act and 19 CFR 351.218(f)(4).

Dated: June 13, 2025.

DATES: Applicable June 18, 2025.

SUPPLEMENTARY INFORMATION:**Background**

On December 3, 2024, Commerce published its *Preliminary Determination* in the **Federal Register** and aligned this countervailing duty investigation with the final determination in the less-than-fair-value investigation of certain brake drums from Türkiye, in accordance with section 705(a)(1) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.210(b)(4).¹ Commerce invited interested parties to comment on the *Preliminary Determination*.² On January 29, 2025, Commerce published the preliminary determination in the less-than-fair-value investigation of certain brake drums from Türkiye and postponed the deadline for the final determination.³ Consequently, the deadline for the final determination of this investigation is now June 13, 2025.

A summary of the events that occurred since Commerce published the *Preliminary Determination*, as well as a full discussion of the issues raised by parties for this final determination, may be found in the Issues and Decision Memorandum.⁴ The Issues and Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly

at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Investigation

The products covered by this investigation are certain brake drums from Türkiye. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

During the course of this investigation, Commerce received scope comments from interested parties. Commerce issued a Preliminary Scope Decision Memorandum to address these comments and set aside a period of time for parties to address scope issues in additional scope comments and in scope-specific case and rebuttal briefs.⁵ We received comments from parties on the Preliminary Scope Decision Memorandum, which we address in the Final Scope Decision Memorandum.⁶ We have included additional Harmonized Tariff Schedule of the United States (HTSUS) subheadings in the scope of the investigation from the scope published in the *Preliminary Determination*, as noted in Appendix I to this notice.

Verification

Consistent with section 782(i) of the Act, in January 2025, Commerce verified all information reported by the mandatory respondent, EKV Fren ve Dok. San. A.S. (EKU) and the Government of Türkiye (GOT). We used standard verification procedures, including an examination of relevant account records and original source documents provided by EKU and the GOT.⁷

Analysis of Subsidy Programs and Comments Received

The subsidy programs under investigation, and the issues raised in the case and rebuttal briefs that were submitted by parties in this investigation, are discussed in the Issues and Decision Memorandum. For a list of the issues raised by interested parties

and addressed in the Issues and Decision Memorandum, see Appendix II to this notice.

Changes Since the Preliminary Determination

Based on our analysis of the comments received from interested parties and our verification findings, we made certain changes to the subsidy rate calculations for EKU. For a discussion of these changes, see the Issues and Decision Memorandum.

Methodology

Commerce conducted this investigation in accordance with section 701 of the Act. For each of the subsidy programs found to be countervailable, Commerce determines that there is a subsidy, *i.e.*, a financial contribution by an "authority" that gives rise to a benefit to the recipient, and that the subsidy is specific.⁸ For a full description of the methodology underlying our final determination, see the Issues and Decision Memorandum.

In making this final determination, Commerce relied, in part, on facts otherwise available, including with an adverse inference, pursuant to sections 776(a) and (b) of the Act. For a full discussion of our application of adverse facts available (AFA), see the *Preliminary Determination* PDM⁹ and section "Use of Facts Otherwise Available and Application of Adverse Inferences" in the Issues and Decision Memorandum.

All-Others Rate

Pursuant to section 705(c)(5)(A)(i) of the Act, Commerce will determine an all-others rate equal to the weighted-average countervailable subsidy rates established for exporters and/or producers individually examined, excluding any rates that are zero, *de minimis*, or rates based entirely under section 776 of the Act.

For this final determination, Commerce has calculated a rate for EKU that is above *de minimis*. Because the other rates we assigned are based entirely under section 776 of the Act, the estimated weighted-average rate calculated for EKU is the rate assigned to all other producers and exporters, pursuant to section 705(c)(5)(A)(i) of the Act.

⁸ See sections 771(5)(B) and (D) of the Act regarding financial contribution; see also section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

Final Determination

Commerce determines that the following estimated countervailable subsidy rates exist:

Company	Subsidy rate (percent <i>ad valorem</i>)
EKU Fren ve Dok. San. A.S	2.80
Akkus Dokum San.Ve Tic.Ltd.Sti	*131.60
Buyuk Eker Bijon Sanayi Ve Ticaret	*131.60
Genk Otomotiv San.Dis Tic.Ltd.Sti ...	*131.60
All Others	2.80

* Rate is based on AFA.

Disclosure

Commerce intends to disclose to interested parties the calculations and analysis performed in this final determination within five days of any public announcement or, if there is no public announcement, within five days of the date of the publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Suspension of Liquidation

As a result of our *Preliminary Determination*, pursuant to sections 703(d)(1)(B) and (d)(2) of the Act, Commerce instructed U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise, as described in the scope of the investigation section, that were entered or withdrawn from warehouse for consumption on or after December 3, 2024, the date of publication of the *Preliminary Determination* in the **Federal Register**, except for EKU because its preliminary subsidy rate was *de minimis*. In accordance with section 703(d) of the Act, we instructed CBP to discontinue the suspension of liquidation of all entries of subject merchandise entered or withdrawn from warehouse on, or after, April 2, 2025, but to continue the suspension of liquidation of all entries of subject merchandise between December 3, 2024, and April 1, 2025. Because the subsidy rate for EKU was *de minimis*, Commerce directed CBP not to suspend liquidation of entries of the merchandise from this company.

However, because the final subsidy rate for EKU is above *de minimis*, in accordance with section 705(c)(1)(C) of the Act, we are directing CBP to suspend liquidation of all entries of subject merchandise produced and/or exported by EKU that are entered, or withdrawn from warehouse, for consumption on or after the date of the publication of this notice in the **Federal Register** and to require a cash deposit for such entries of merchandise in the amount indicated above.

If the U.S. International Trade Commission (ITC) issues a final affirmative injury determination, we will issue a countervailing duty order, reinstate the suspension of liquidation under section 706(a) of the Act, and require a cash deposit of estimated countervailing duties for entries of subject merchandise in the amounts indicated above. If the ITC determines that material injury, or threat of material injury, does not exist, this proceeding will be terminated, and all estimated duties deposited or securities posted as a result of the suspension of liquidation will be refunded or canceled.

ITC Notification

In accordance with section 705(d) of the Act, we will notify the ITC of our final affirmative determination that countervailable subsidies are being provided to producers and exporters of certain brake drums from Türkiye. Because the final determination is affirmative, in accordance with section 705(b) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of certain brake drums from Türkiye no later than 45 days after our final determination. In addition, we are making available to the ITC all non-privileged and nonproprietary information related to this investigation. We will allow the ITC access to all privileged and business proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under an administrative protective order (APO), without the written consent of the Assistant Secretary for Enforcement and Compliance.

If the ITC determines that material injury or threat of material injury does not exist, this proceeding will be terminated, and all cash deposits will be refunded. If the ITC determines that such injury does exist, Commerce will issue a countervailing duty order directing CBP to assess, upon further instruction by Commerce, countervailing duties on all imports of the subject merchandise that are entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed above in the “Continuation of Suspension of Liquidation” section.

Administrative Protective Order

In the event that the ITC issues a final negative injury determination, this notice will serve as the only reminder to parties subject to an APO of their responsibility concerning the

destruction of proprietary information disclosed under APO, in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This determination is issued and published pursuant to sections 705(d) and 777(i) of the Act, and 19 CFR 351.210(c).

Dated: June 13, 2025.

Steven Presing,

Acting Deputy Assistant Secretary for Policy and Negotiations.

Appendix I**Scope of the Investigation**

The merchandise covered by this investigation is certain brake drums made of gray cast iron, whether finished or unfinished, with an actual or nominal inside diameter of 14.75 inches or more but not over 16.6 inches, weighing more than 50 pounds. Unfinished brake drums are those which have undergone some turning or machining but are not ready for installation. Subject brake drums are included within the scope whether imported individually or with non-subject merchandise (for example, a hub), whether assembled or unassembled, or if joined with non-subject merchandise. When a subject drum is imported together with non-subject merchandise, such as, but not limited to, a drum-hub assembly, only the subject drum is covered by the scope.

Subject merchandise also includes finished and unfinished brake drums that are further processed in a third country or in the United States, including, but not limited to, assembly or any other processing that would not otherwise remove the merchandise from the scope of this investigation if performed in the country of manufacture of the subject brake drums. The inclusion, attachment, joining, or assembly of non-subject merchandise with subject drums either in the country of manufacture of the subject drum or in a third country does not remove the subject drum from the scope. Specifically excluded is merchandise covered by the scope of the antidumping and countervailing duty orders on certain chassis and subassemblies thereof from the People's Republic of China. *See Certain Chassis and Subassemblies Thereof from the People's Republic of China: Antidumping Duty Order*, 86 FR 36093 (July 8, 2021) and *Certain Chassis and Subassemblies Thereof from the People's Republic of China: Countervailing Duty Order and Amended Final Affirmative Countervailing Duty Determination*, 86 FR 24844 (May 10, 2021).

The scope also excludes composite brake drums that contain more than 38 percent steel by weight.

The merchandise covered by this investigation is classifiable under

Harmonized Tariff Schedule of the United States (HTSUS) subheading 8708.30.5020. The merchandise covered by this investigation may be classifiable under HTSUS subheading 8708.30.5090 when entered as part of an assembly. Subject merchandise may also enter under HTSUS subheading 8716.90.5060, 8704.10, 8704.23.01, 8704.32.01, 8704.43.00, 8704.52.00, 8704.60.00, 8708.50.61, 8708.50.6500, 8716.90.5010, 8716.31.00, 8716.39.00, 8716.40.00. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise covered by this investigation is dispositive.
