Sayı: 58224147-TİM.OAİB.26.ARG4.2025/31-1550
Konu: 13. IRAK SAVUNMA FUARI

Ankara, 14/02/2025

Sayın Üyemiz,

T.C. Ticaret Bakanlığı'ndan alınan bir yazıda, **13. Irak Savunma Fuarı'nın (IQDEX) 19-22 Nisan 2025** tarihlerinde Bağdat Uluslararası Fuar alanında gerçekleştirileceği bilgisi iletilmektedir.

Yazıda devamla, **IQDEX Fuarı'nın** yeterli düzeyde kurumsallığa haiz olduğu, farklı ülkelerden kayda değer sayıda firmanın yanı sıra ilgili Irak kamu otoritelerinin de fuara katılmasının beklendiği, fuarın ülkemizin savunma ve teknoloji firmalarının ürün ve kabiliyetlerini tanıtması açısından önemli bir fırsat sunduğunun değerlendirildiği belirtilmiştir.

Bahse konu fuara ilişkin broşür Ek'te sunulmakta olup bilgileri rica olunur.

Musa DEMİR
Genel Sekreter

Tactical communication systems, imaging equipment systems, night and day vision, anti-explosive and anti-drug robots, special operations robots, jamming systems, training systems, wireless signal tracking systems and equipment, positioning systems, special operations boats, tactical helicopters, toxic gas detectors, data tracking and analysis systems and equipment.

Iraqi Defence Industries Commission:

It is a corporation interested in the manufacture, development, maintenance and marketing of weapons and equipment to the beneficiary security authorities, and it works by assigning an important group of factories specialized in military production Which is managed by experts and qualified engineers in all specializations.

Health section:

In response to the growing need for specialized medical infrastructure for the military, a dedicated medical section was introduced at IQDEX.

our exhibition will also focus on displaying all medical devices and supplies, advanced devices, and X-ray examination devices, creating a suitable environment for exchanging expertise with foreign companies specialized in consulting and skills in this field, as well as focusing on the maintenance of medical devices and laboratories, displaying patents in everything related to the health aspect, and also focusing on the manufacture of prosthetic limbs, displaying blood pressure and sugar measuring devices, and hearing aids.

This significant step highlights a modern approach that prioritizes not only combat equipment but also human and technical aspects of defense & Security. The focus extends to enhancing healthcare and medical support.

The medical section aims to Showcasing the latest medical technologies and equipment that contribute to strengthening military healthcare, bringing together innovative brands and companies capable of providing solutions to support military medical services. And offering a platform for collaboration between global and local entities to enhance healthcare in both military and civilian contexts.

The medical section will also include a pavilion dedicated to showcase advanced medical technologies specialized in supporting healthcare for military purposes and Interactive workshops and panel discussions featuring international and local experts and Direct opportunities for collaboration between government bodies and companies.
