Air & Space Power Conference 2027

Briefing to Military Attachés

Rome, 9th June 2026

*Turning a formal invitation into
a high-value delegation experience*

Purpose of this briefing

Maximize the value of ASPC27 for national delegations and for the Italian Air Force hosting effort

- explain the ASPC27 opportunity and the EURAC2027 connection
- describe the 5–8 April 2027 week as one coherent delegation journey
- clarify the logistics and support model that will be offered
- anticipate the information flow and next coordination milestones

ASPC27 at a glance

Save the Date

Formal Save the Date

10 days before this briefing, the Chief of Staff of the Italian Air Force sent a formal “Save the Date” to reserve 7–8 April 2027 for ASPC27

A formal invitation with further details will follow in due course

Preliminary information: aspc27.rsvp@am.difesa.it

Why early signals matter

Every expression of interest is valuable organizational information. It helps us size hospitality, security, transport, bilateral rooms, protocol flows and delegation support

Attaché value

Your feedback can help us distinguish a generic interest from a likely high-level participation and prepare the right level of support early

Departures

Two events - one coherent engagement week

Strategic focus

ASPC27 is designed as a platform for high-level dialogue on the future of air & space power

- credible deterrence through air & space superiority in multi-domain operations
- technological edge: AI, autonomy, hypersonics, robotics and EMSO
- the human advantage: leadership, doctrine, training and decision-making
- space as a contested operational domain, fully integrated with air power

The opportunity for delegations

A focused environment to exchange views, meet peers, engage institutions and understand the Italian aerospace and defence ecosystem.

International participation and stand access

The ASPC27 exhibition area is being enhanced compared with previous editions,

- stronger international dimension
- more structured professional-provider model

5,500 sqm

gross exhibition area

~80

stands

National & Foreign

companies invited through
diplomatic channels

Provider

professional stand
services

- we are open to proposals from foreign aerospace, defence and space companies
- expressions of interest can be channelled through Military Attaché Offices
- requests will be directed to professional provider services for stand access and technical arrangements
- dedicated mailbox for expressions of interest: aspc27.exhibition@am.difesa.it

The aim is to turn the exhibition area into a useful space for institutional engagement, industrial dialogue and networking

Hotel Melià Milano

We are concentrating delegations at Hotel Melià Milano to improve security, movement control and logistics predictability

Guaranteed transfer picture

Transfers and escorts will be assured from **Malpensa, Linate** and **Milano Centrale railway station** to Hotel Melià Milano, according to the official arrival/departure plan

Hospitality

Italian Air Force hospitality will be provided for **Air Chiefs and spouses** involved in EURAC and ASPC27, in line with the formal invitation arrangements

Our preference

A **single hub** allows quicker reaction to programme changes, easier briefings, better liaison and cleaner synchronization with escorts and protocol

Alternative hotels

If delegations choose other locations, the support picture becomes more complex: additional coordination, longer movements and less predictable security/logistics flows

- 5-star hotel
- 5 minutes from the Congress Centre
- High-level hospitality
- 24/7 Italian Air Force supervision and reinforced security
- Dedicated desk for special requirements

Portal, help desk, app

In Q4 2026 delegations will receive the formal invitation and will be asked to enter detailed information through a dedicated portal

Portal

Structured forms will collect detailed data to help us provide the best possible support to each delegation.

Help desk

A dedicated help desk will manage questions, changes and requests through the official coordination channels.

App

A dedicated app will provide access to information, services and booking tools during the event week.

Bilateral meetings will be supported by dedicated rooms and booking services

A dedicated web portal will manage available slots and room setup

Delegations will be able to plan meetings in advance

The amount of information requested is not bureaucracy: it is how we tailor the support package

Cultural and Social programme

Conference week with a complete hospitality and cultural experience

Programme designed to make the visit memorable

- Milan culture
- Institutional venues
- High-level hospitality
- Controlled environment

EURAC: **Duomo** visit and Gala Dinner at **Società del Giardino**

ASPC27: Gala Dinner at **Palazzo Reale**

Spouse programme:

- Atelier experience
- La Scala
- Brera art gallery and district
- Cenacolo
- Castello Sforzesco

Next steps

- promote ASPC27 through national channels
- encourage **early expressions of interest**
aspc27.rsvp@am.difesa.it
- channel potential foreign **industry interest** to
aspc27.exhibition@am.difesa.it
- prepare for Q4 2026: formal invitation

Thank you for your attention!
