2026/1465

30.6.2026

COUNCIL REGULATION (EU) 2026/1465

of 25 June 2026

amending Regulation (EU) 2021/2283 opening and providing for the management of autonomous tariff quotas of the Union for certain agricultural and industrial products

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 31 thereof,

Having regard to the proposal from the European Commission,

Whereas:

(1) In order to ensure a sufficient supply of certain agricultural and industrial products which are produced in insufficient quantities in the Union and thereby avoid any disturbances on the market for those products, autonomous tariff quotas of the Union ('quotas') were opened by Council Regulation (EU) 2021/2283 ([1]). Within those quotas, products can be imported into the Union at reduced or zero duty rates.

(2) As it is in the Union's interest to ensure an adequate supply of certain industrial products, and having regard to the fact that identical, equivalent or substitute products are not produced in sufficient quantities within the Union, it is necessary to open new quotas with order numbers 09.2517, 09.2516, 09.2518 and 09.2519 at zero duty rates for appropriate quantities of those products.

(3) As the scope of the quotas with order numbers 09.2769 and 09.2029 has become inadequate to fulfil the needs of economic operators in the Union, the description of the products covered by those quota order numbers should be modified. Additionally, TARIC codes for the products with those quota order numbers should be modified.

(4) As it is in the Union's interest to ensure an adequate supply of a certain industrial product, the volume of the quota with order number 09.2922 should be increased.

(5) As it is no longer in the Union's interest to maintain the quotas with order numbers 09.2928 and 09.2551, those quotas should be closed.

(6) Regulation (EU) 2021/2283 should therefore be amended accordingly.

(7) In order to avoid any interruption in the application of the quota scheme and to comply with the guidelines set out in the communication from the Commission of 13 December 2011 concerning autonomous tariff suspensions and quotas, the changes provided for in this Regulation regarding the quotas for the products concerned should apply from 1 July 2026. This Regulation should therefore enter into force as a matter of urgency,

HAS ADOPTED THIS REGULATION:

Article 1

The Annex to Regulation (EU) 2021/2283 is replaced by the text set out in the Annex to this Regulation.

([1]) Council Regulation (EU) 2021/2283 of 20 December 2021 opening and providing for the management of autonomous tariff quotas of the Union for certain agricultural and industrial products, and repealing Regulation (EU) No 1388/2013 (OJ L 458, 22.12.2021, p. 33, ELI: http://data.europa.eu/eli/reg/2021/2283/oj).

Article 2

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 1 July 2026.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
