REQUEST FOR EXPRESSION OF INTEREST FOR THE PROVISION OF RECIPROCATING PUMPS (API674 3rd Edition) PACKAGE – REF. 220329

Worley Europe Limited as EPcMC Early Services Contractor for EACOP Project invites experienced and reputable Contractors to express their interest in providing Reciprocating Pumps – API674 3rd edition for the East African Crude Oil Pipeline (EACOP) Project.

The Republic of Uganda, the Uganda National Oil Company (UNOC), the United Republic of Tanzania and/or Tanzania Petroleum Development Corporation (TPDC), as well as other international oil companies partaking in the development of Exploration Areas 1, 1A, 2 and Kingfisher Discovery Area in the Albertine Graben in Uganda or their affiliates will participate in the implementation of the EACOP Project (Potential Pipeline Participants).

The EACOP Project development involves the engineering, construction, operation and maintenance of a crude oil export pipeline crossing Uganda and Tanzania and an onshore Marine Terminal in Chongoleani, near Tanga Port in Tanzania.

BRIEF DESCRIPTION OF THE SCOPE OF THE MATERIALS

The EACOP requirements for the Reciprocating Pumps – API674 3rd edition to be installed in the Tanzania shall include, but will not necessarily be limited to:

API 674 3rd edition pumps (pump type & material of construction as per relevant pump datasheet) and complete with:

- Electric motors designed as per relevant motor datasheet & also, suitable for area classification specified.
- Power transmission equipments – Gearbox as per API677 4th edition (if required), API671 4th edition Couplings with non-sparking coupling guards.
- Lube oil system as per API614 5th edition (Forced Feed Lubrication shall be provided only if hydrodynamic bearings are used or as required by the pump manufacturer) (as per datasheet)
- Variable Speed Drive (VSD) (if applicable as per datasheet)
- Mechanical Seal and Sealing system
- Fabricated steel common base plates (including anchors & shims)
- All Interconnecting piping with isolation valves. Vent and drain piping terminated at skid edge with flange connection.
- All Controls & Instrumentation for pump/motor including associated cabling & junction boxes.

- Inspection & testing - Factory complete unit test, performance test, mechanical run test, NPSH test & NDE as per relevant datasheet.
- Documentation.
- Spare parts and special tools

The scope will include design, sourcing of material, manufacturing, assembly, packaging, supply of drawings and data, all sub-vendors co-ordination, factory testing, delivery FCA vendor and guarantees.

MINIMUM REQUIREMENTS:

Companies expressing their interest are invited to document their request with:

- A commitment to and evidence that they have experience in developing local / national content value.
- Confirmation that they can manufacture (design / construction / inspection & testing / assembly Progressive Cavity Pumps as per API674 3rd edition.
- An experience list for similar equipment supplied to the Upstream Oil and Gas market in the last five (5) years.
- A copy of their own and main suppliers ISO 9001:2015 and 14001:2015 & OHSAS 18001 (ISO45001:2015) current certification.
- Extracts from their Supply Quality Management Procedures, showing how material quality control is implemented in the supply chain and identify what positive material identification is implemented through the manufacturing process.
- A two (2) years look ahead shop loading charts for the facilities intended to manufacture, assemble and test.
- In plant and site installation works safety record.
- Delivery to schedule record over the previous 3 years.
- In country maintenance support capabilities.

Interested companies which meet the minimum requirements and have the capacity to provide the goods listed above should express their interest by sending together with the above listed documents an email to EACOP-supplierinfo@worley.com (Max. Email Size 20 MBs & All documents must be submitted in the English language) on or before 17:00 hours East African Time (EAT), on 15th April 2022.

Companies satisfactorily meeting the above minimum requirements will receive, subject to the signature of a Non-Disclosure Agreement (NDA), a detailed pre-qualification questionnaire for further evaluation by Company.

EACOP project reserves the right not to consider companies that submit an incomplete dossier

Note: Only pre-qualified companies will receive an invitation to submit their bid in furtherance of the Call for Tender process.
